What This Package Would Cost Elsewhere: $6,849 + $793/yr (Not including hosting)

We recommend that anyone interested in purchasing a PWS website does a shopping comparison between our package and other packages that are available on the market. We are confident that *no other package on the market* offers the quality and value we are packing into this offer.

YOUR COST for This PWS PACKAGE:

$600 for the website and 1 free year of hosting. (Compare pricing to Empower Kit).

Then just $350/yr Hosting beginning the 2ⁿᵈ year with no annual license or hidden fees.

(If you need a domain name registration, we can help you with that, too, at a savings.)
